LEARN ABOUT OUR NEW SPONSORSHIP BENEFIT

ROPES

REALITY ORIENTED PHYSICAL EXPERIENCES

**Available For High School Level and Up*

Enjoy a half day getaway and enjoy nature at our ROPES Challenge Course in west San Antonio. Learn how to work more effectively as a team with fun challenges such as the trust fall, zip line, and leap of faith among other activities facilitated by trained CIS-SA staff certified in ROPES elements.

Team building in the workplace significantly contributes towards employee motivation and building trust among the employees, thereby ensuring better productivity. We are excited to incorporate ROPES team building activities during our Top Golf event facilitated by our specially trained staff with top sponsors having the opportunity to enjoy a half day retreat at our ROPES Challenge Course or at their office. Learn more about our ROPES program below.

WHAT IS ROPES?

ROPES is a series of initiatives and physical elements facilitated by specially trained staff that are designed to promote personal growth, enhance life skills, and improve group cohesion and interaction. ROPES activities are either “Low” or “High” and are tailored to meet the needs of the participants. ROPES initiatives inspire participants to learn skills easily implemented in the workplace and other group settings through fun, interactive hands-on activities!

LOW ROPES

These initiatives can be done indoors or outdoors. Portable equipment allows initiatives to occur at your site.

HIGH ROPES

High ROPES elements focus more on individual challenge, trust and empowerment. High elements require harnesses to be worn by the participants and belay team. These activities must be facilitated by specially trained staff on the CIS-SA ROPES Course.

Working with both schools and partner organizations, Communities In Schools does whatever it takes to help kids stay in school and succeed in life.
